

## MR. DENNY'S MESSAGE

The Mayor Will Give Some Opinions to the Council To-Morrow.

Calls Attention to the Necessity of a Pesthouse—The Administration of Finances.

Mayor Denny will submit his annual message to the Council at its meeting to-morrow night. With it will be submitted the annual reports of the heads of departments, all of which have been filed with the Mayor. As the present administration has been in power but a few months, the message will be brief and chiefly covering the period since the election. The conditions of the different departments prior to that time will be submitted in the reports of the departments. Several questions that have arisen since the date of the annual reports, all of which are dated as of Jan. 1, will receive special mention in the Mayor's message, and brought to the attention of the city legislature in this way.

Among the matters which have arisen since the completion of the reports and which will be especially referred to by the chief executive, is the recent change made in the specifications for asphalt pavements. The message will set forth in full the changes made and the reasons for making them. During the session of the Council, the comparative merits of the different asphalt pavements have been discussed, and the Mayor has expressed his opinion that the best results can be obtained by the use of a certain kind of asphalt. The Mayor will also call attention to the enforcement of the law against the sale of liquor to minors. The Mayor is well pleased with the firm stand of the Board of Public Safety in regard to the enforcement of these laws, and his message will commend it for its determined effort and success in this respect.

In the Department of Public Health he will call the attention of the Council to the need of a hospital for infectious diseases, and the efforts of the Board of Health to co-operate with the County Commissioners in the erection of a suitable building on city property. The Mayor will also call attention to the building to be furnished and maintained by the city. The presence of smallpox in Chicago will be mentioned as a cause of a pest house in the case of the disease should be imported from that city will be urged upon the Council.

In speaking of the presence of the disease in Chicago, the Mayor said yesterday that, being so close, it was not improbable that the disease might be brought to this city, and that it would be necessary to have a pest house in the case of the disease should be imported from that city will be urged upon the Council.

The Ring Was Gone.

Two young colored women called at the jewelry store of T. Campbell, No. 324 Massachusetts avenue, yesterday and asked to be shown some rings. There was but one that they liked and as they said they did not have money enough to buy it they would not make any purchase and departed. Mr. Campbell on looking through the case of rings after their departure found one of the rings gone. He immediately informed patrolman Mackasey, who found the women a short distance away. On searching them at the store the ring could not be found and they were allowed to go.

Pell Through the Ice.

Three Patrolmen Appointed.

Two are Democrats and One a Republican—Examinations.

Three patrolmen were appointed by the Board of Public Safety yesterday, two of whom, W. Woodard and James Buckner, are Democrats. The former passed at 83 in the educational and 90 in the physical examination, and the latter 77 in the educational and 87 in the physical examination. J. A. McCaffrey, a Republican, received the highest grade. He passed at 90 in the educational and 96 in the physical examination. The educational examination consists in simple problems in addition, subtraction, multiplication and division. Joshua Spears, a Republican, has passed the required examinations, and will be appointed. N. J. Hoffbauer, a Democrat, has passed the required examination, and is indignant because he was not appointed. He says that his failure to receive the appointment is due to Superintendent Powell.

The board received a large number of bids both from the city and country for the three horses to be purchased for the fire department.
